

Every Policy Makes a **Difference.**

More than **275,000** Chubb donated trees benefit communities worldwide.

Florida Forest Service:

Protecting four state forests in Florida, rehabilitating habitat for red-cockaded woodpeckers and other rare species such as gopher tortoises and indigo snakes.

Burnt Beam Sheep Gap Fire Restoration in Montana:

Sustaining an ecosystem to support elk, deer and endangered grizzlies while improving stream health for threatened bull trout across the Flathead.

Mountain Communities Wildfire ReLeaf in California:

Providing fire-resistant pine species to rehabilitate the San Bernardino Mountains after decades of fires.

Yarrow Reforestation in Arizona:

Restoring foraging grounds for the Northern goshawk as well as the Apache-Sitgreaves' other iconic wildlife.

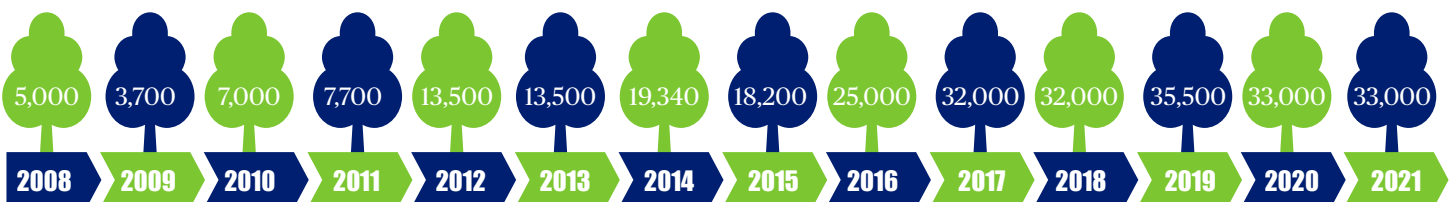

Creek Fire in California:

Accelerating the growth of California Forests impacted by the 2020 Creek Fire by working with local native plant nursery to plant Douglas Fir, Sugar Pine, and Ponderosa Pine seedlings.

Over the past decade, Chubb has donated one tree for every environmental insurance policy issued globally.
